Mr S H H Chapman
Gentlemen.

Your favor of the 7th inst duly received, together with the plate Catalogue of the Cleaney sale, for which be kind enough to thank your respected Mother whose health I sincerely hope will be much improved by the time I come East which I expect to do in the Spring.

The only Paper Nautilus shell that has been in this market for several years has been sold since my last letter to you for \$15⁰⁰. They seem to be a very scarce article but if one can be procured, your Mother's cabinet shall hold it. There are some beautiful ones of the Pearl variety in stock here. I hope to secure for you within a few days a Spondylus or Mexican Horned Clam. White, a very peculiar

shell. The Pink variety are quite Common but a pure white one is rarely seen, I am told,

It is my desire to make another Collection of Coins in the near future, but I shall confine myself to Colonial, and U.S. Coins, to be supplemented with a Collection of Siege pieces, and I am only sorry that I did not ask you to buy some of the early Uncirculated & proof pieces in the Cleaver Collection, as a started. My visit East will be more for the purpose of consulting with you, in regard to the matter, and picking up fine specimens, than anything else, I should like to buy outright a fine Collection of some one, than to depend upon Auction Sales, or the high price dealers usually charge for fine Coins, and if you could put me in the way of finding such a Collection, I should be glad to profit by your advice and assistance in the matter.

Mrs McCoy sends kind regards to your Mother, and wishes she and you could be here to enjoy our winter with oranges, Strawberries &c &c
Yours Truly Frank McCoy
